TOP RECRUITING FIRMS RECOGNIZED

National Recruiting Specialists Honored Today

National accounting & banking recruiting network NBN, Inc., honored top firms at a national convention held in Atlanta, GA.

Member firms placed over \$5.4 Million in salaries last year in accounting and banking. Good news for the accounting and banking industries -- this was an increase of 60% over 2009 hiring.

Southwestern Business Resources headquartered in Nashville, TN, walked away the big winner of the year with recognition as the Top Firm and Top Recruiter – both for the second year in a row. SBR is a leading international executive search and recruitment services firm with over 30 years in business. SBR top recruiters Matt Lewis and Jay Boone were honored for their service and recognized as the top performers from the national network which includes 275 banking and finance executive recruiters from across the country.

“Hiring has certainly picked up across the country with clients of all sizes and we are honored to be a part of such a solid network of recruiting professionals. Thank you NBN!” said Matt Lewis.

Other top firms recognized at the organization’s 24th anniversary conference were Marcus & Associates in NY, NY, ECG Resources in Inwood, NY, Accounting Career Consultants in St. Louis, MO and Bohan & Bradstreet of Guilford, CT.

“It’s good to see accounting and banking hiring increasing,” said NBN President Bob Cozzens. “We expect the recovery to continue throughout 2011.”
